

# RX SERIES

RX series is a horizontal cantilever centrifugal slurry pump, with reasonable construction, reliable operation, long service life. It is widely used in transporting abrasive and corrosive slurries in mining, metallurgy, electric power, coal, chemicals, building, etc. The pump has excellent service life and easy maintenance to offer the best life cycle cost.

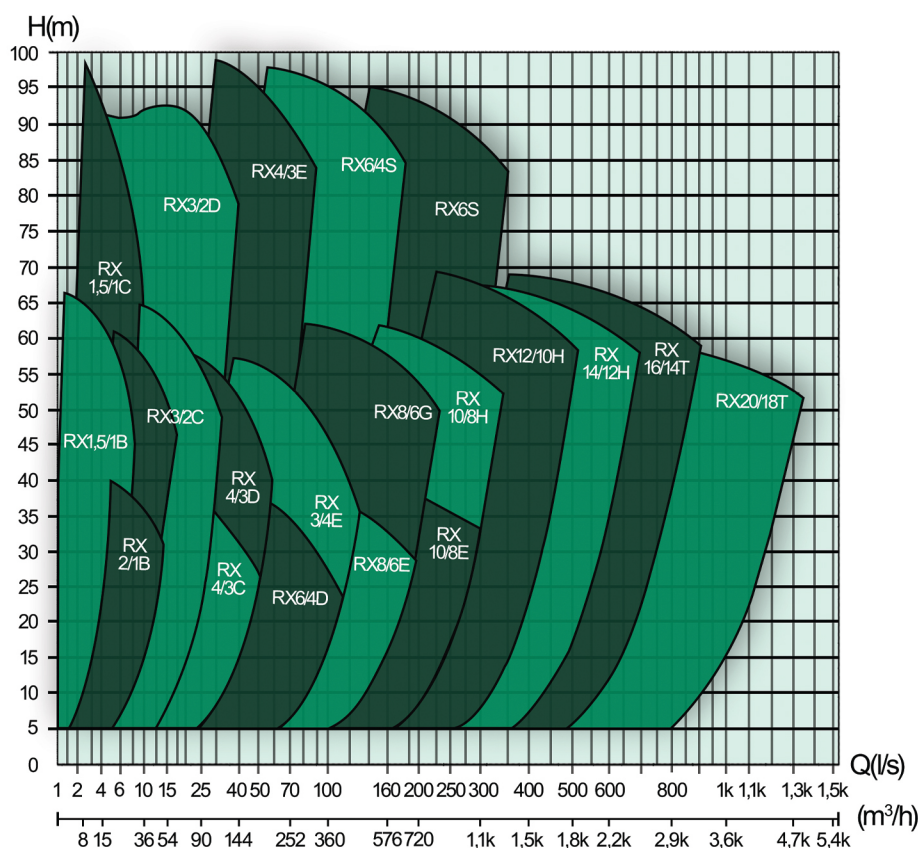

## Technical Data

### Pump Parameters

Capacity up to	l/s	1.350
Head up to	m	98
Power up to	kW	1.200

## Pump Curve

## Application

- Mining Process
- Coal Preparation
- Cyclone Feed
- Mineral Processing
- Grinding Mills
- Feeding System
- Slurry
- Slurry & Paper
- Dredging
- Abrasive Slurry
- Ash Handling
- Industrial Processing
